Purpose of Contact: Report results of the DOE walk-down with KH of five (5) completed decommissioning sets in B776/777 (Sets 10, 24, 29, 31 and 74)

Discussion: On the 14th of January, 2002, Mike Johnson (KH), Steve Dahlgren (KH) and Gary Schuetz (RFFO) performed a walk-down of Sets 10, 24, 29, 31 and 74 in B776/777. The purpose of the walk-down was to verify that the work-sets claimed to be completed by KH, are in fact completed satisfactorily. DOE did not identify any issues or concerns during the walk-down. The CDPHE Representative (Edd Kray) had previously observed these workset completions on the 8th of January, 2002 and a report was distributed on the 10th of January, 2002. The purpose of this contact record is to document that CDPHE did not report any issues or concerns or have any questions with the subject work-sets. Therefore, DOE concludes that CDPHE agrees that these sets are complete.
